HISTORY

In 1976, Colegio Interamericano was founded by Fundación Educativa Guatemala, who sought to provide an alternative for Guatemalan families seeking a high quality bilingual (English-Spanish) education.

The school has been located in La Montaña, zone 16 in Guatemala City since 1981. Colegio Interamericano secured its U.S. accreditation (AdvancED) in 1989 to guide its bilingual program and provide graduates with a U.S. High School Diploma and the Guatemalan Bachillerato Diploma.

Colegio Interamericano currently serves over 1,400 students, and in more recent years, has become a viable choice for an increasing number of international students and mobile families.

**ALLIED
PRESCHOOLS**

AN EDUCATIONAL BENEFIT FOR OUR FUTURE STUDENTS

In 2007, as an initiative of the School Board, the Preschool Alliance Program was formed to support students with their transition from preschool to Colegio Interamericano with ease. In this transition, an effort is made to strengthen the basic skills of the student, as well as his social-emotional development.

Some of the benefits for students in the program are: priority enrollment, participation in activities organized by the school, and direct communication with the schools. In addition, they can use the facilities of Colegio Interamericano for their preschool activities, which facilitate their familiarization with the campus.

With this program, preschool teachers and principals have had the opportunity to grow professionally with their participation in conferences and workshops.

OUR ALLIES

One of the greatest benefits offered by this alliance is communication between schools to ensure a better education. The courses taught in preschools now have a direct link to the courses offered at Colegio Interamericano.
